Ahmedabad, Gujarat, India

### EXPERIENCE

#### Ai/ML Developer

Work24

08/2026 - Present

- Working on **Hyphen OI**, a live AI-powered platform using LLMs and AI APIs.
- Developing LLM response generation, optimization, and conversational flows for accurate, natural interactions.
- Building **AI chat**, voice, and **voice-to-voice** capabilities to enhance real-time user interactions.
- Contributing to **Generative AI**, **Conversational AI**, Voice AI, and Python-based application development.

#### MERN Stack Intern

WebEar Technologies

03/2026 - 08/2026

- BookBuzz**: Developed backend APIs for a live academic book marketplace covering authentication, books, cart, purchases, trade-ins, students, and publishers.
- PropertyHub**: Built APIs for a real-estate platform covering property listings, documents, amenities, reviews, shortlists, nearby places, and advanced search.
- Shopify**: Developed backend services for a multi-tenant restaurant ordering & POS system, including menus, orders, billing, payments, QR ordering, and reporting.
- Built and integrated REST APIs using Node.js, Express.js, MongoDB, Mongoose, Sequelize, and MySQL.

#### Graphic Design Intern

Art O Print

11/2025 - 02/2026

- Designed **medical product** packaging and print-ready box layouts based on client specifications.
- Created layouts with accurate **dimensions**, **typography**, **alignment**, and visual consistency.

#### Node.js Intern

CommunitiesHeritage Limited (CHL Group)

05/2025 - 10/2025

- CHPL Food**: Developed backend APIs for a multi-tenant food ordering platform, including menus, orders, billing, payments, and reporting.
- CHPL VI**: Developed APIs and analytics for a call tracking and logging platform, including RBAC, timezone handling, and tenant-specific reporting.
- Built scalable REST APIs using Node.js, Express.js, Sequelize ORM, and MySQL and worked with GitLab in an Agile environment

### PROJECTS

#### F1 Race Strategy Prediction & Analytics Platform

- Developed a **full-stack F1 analytics** platform using MERN Stack integrated with Python Machine Learning models.
- Built ML models to predict **race strategies**, **pit-stop timing**, and **driver performance** using historical race data.
- Integrated **Generative AI** to generate race insights and automated strategy recommendations.

#### Stock Prediction Using Machine Learning

- Developed a **Django** and Python-based stock prediction application using machine learning for price forecasting.
- Integrated **Yahoo Finance** to retrieve historical market data for model training and analysis..
- Implemented **Scikit-learn** ML algorithms and **Plotly visualizations** to display predicted stock trends.

#### AI Movie Recommendation System

- Built an AI-powered movie recommendation system using **NLP**, **Flask**, and **machine learning**.
- Developed an **emotion classifier** to detect user mood and recommend relevant movies and genres.
- Developed **Flask REST APIs** and an interactive, **Glassmorphism**-styled frontend using HTML, CSS, and JavaScript.

### EDUCATION

#### Bachelor of Computer Science and Technology

LJ Institute of Engineering and Technology, LJ University

2022 - 2026

CGPA

7.98 / 10.00

### SKILLS

- Programming Languages**  
Python, Java, JavaScript
- Frontend & Backend**  
HTML, CSS, React.js, Node.js, Express.js, Django, .NET
- Databases & ORM**  
SQL, NoSQL, Sequelize ORM
- Tools, Cloud & AI**  
Git, AWS, Postman, Power BI, Machine Learning, Generative AI, Data Science

### CERTIFICATE

- Back-End Development with .NET – Microsoft
- Building Generative AI-Powered Applications with Python – AWS
- AWS Cloud Technical Essentials – AWS
- Postman API Fundamentals Student Expert – Postman
- Exploratory Data Analysis for Machine Learning – IBM
- Machine Learning with Python – IBM
- HTML, CSS, and JavaScript for Web Developers – Johns Hopkins University
- Database Design and Basic SQL in PostgreSQL – University of Michigan
- Inheritance and Data Structures in Java – University of Pennsylvania
- Introduction to Java – LearnQuest
- Introduction to Psychology – Yale University

### LANGUAGES

- Gujarati** – Native Proficiency
- English** – Professional Proficiency
- Hindi** – Conversational Proficiency
- Spanish** – Beginner
